I like girls, I like girls
I like their ribbons and I like their curls
I like 'em cause they're soft and sweet
I like to watch 'em on the street.

I like their hair and when they wear
That perfume on their clothes
Do I like girls, oh, I like girls
And I don't care who knows.

I used to hunt and fish
Till I kissed a girl and vow
Makin' love to them
Well, that's my hobby now.

I like girls I like girls
They're like diamonds they're like pearls
I like to date 'em ev'ry night
I like to hug and squeeze 'em tight.

When I crush 'em in my arms
They cuddle up and coo
Do I like girls, do I like girls
You bet your life I do.

--- Instrumental ---

I like girls I like girls
I like their ribbons and I like their curls
They're so sweet and they're so shy
When they kiss me I could die.

When they giggle and when they wiggle
They thrill me with their charms
I like girls, I like girls
Especially in my arms.

When I was just a kid
Kissin' girls with sissy stuff
But now that I've grown up
I just can't get enough.

Oh, I like girls, I like girls
I like to give 'em all a whirl
Blondy, redhead or brunet
I like any kind they get.

Sunday I will kiss 'em all
That's part of my big plan
I like girls and the girls like me
And I'm a lucky man...
