I went out of my way to make you happy  
To love you when your other love went wrong  
I went out of my way when you were lonely  
Now I'm out of my mind since you've gone.

I asked the fool on the stool next to me  
What do you do with so much misery  
Just one look in his eyes and I could see  
He was out of his mind just like me.

--- Instrumental ---

I went out of my way to be near you  
But one too many nights we were alone  
I went out of my way to try and please you  
Now I'm out of my mind since you've gone.

I asked the fool on the stool next to me  
What do you do with so much misery  
Just one look in his eyes and I could see  
He was out of his mind just like me...
