Oh let's go all the way
When you love half way someone's got to pay
I would have get the part of you so let's go all the way
Love me day and night then I'll know it's right
Love me till I hear you say oh let's go all the way.

All the way means happiness living side by side
Half way means the heartbreak if one of us should lie
Just give me a clue that you love me too
Hold me in your arms and say oh let's go all the way.

--- Instrumental ---

The first time I met you I knew that I'd be true
Want you lay my wedding day and let's go all the way
Let's you and I pretend our love will never end
Tell me you'll be mine today oh let's go all the way.

All the way means happiness living side by side
Half way means the heartbreak if one of us should lie
Just give me a clue that you love me too
Hold me in your arms and say oh let's go all the way
