The pig's spitting taxes and unwanted tasks  
We say, "send me to the battle please sir!" uh uh  
"send me to the baddle please sir!"

Chicago is dancing in xylophone laughter  
They say burn this burn this burn this fucker down  
down down  
Burn this motherfucker down!

Please, please speak up  
I can't hear with these clouds in my ears  
The system's down  
I doubt we'll get through  
Send your money for

The horse has been taken  
Running clubs in the pasture

We say burn this burn this burn this fucker down down  
down  
Burn this motherfucker down!

But would you please, please speak up  
I can't hear with these clouds in my ears  
oooooooooh they're singin'  
oooooooooh they're singin'  
oooooooooh they're singin'  
The system's down  
I doubt we'll get through  
Send your money for  
The caterpillars to entertain
