

Portugal. The Man "Do What We Do"

Visit "[Do What We Do](#)" on MotoLyrics.com

Do you live in that big bright sky do you live in that
Big bright sky where the sun don't grow to hot in the
Summer time and the moon watched chase to hanes
and all
Else it finds we don't need you to do what we do we
don't
Need you to do what we do so we chased our tails
around
Heads were all we found in those heads a shining
place a
Town inside this home we don't need you to do what we
do
We don't need you to do what we do little lips hammers
For fists eyes were little lights building base from town
To town based in another town ahhh ahhh ahhh ahhh
we
Don't need you to do what we do we don't need you to
do

What we do we don't need you to do what we do we
don't
Need you to do what we do mark the traisl from point to
Point tape bright enough to find when the moons the
only
One watching you never gotta hide ahhh ahhh ahhh
ahhh we
Don't need you when the boys go missing down buy the
Riverside the grass don't grow to tall in the summer the
Fireweed bloom marks the end of the summer time
while the
Willow down spills coming in with the summer we don't
Need you to do what we do we don't need you to do
what we
Do do you live in that big bright sky do you live in that
Big bright sky
