This can't be living now  
If so, then show me how  
We'll shake, shake, shake the night away  
We shook, shook, shook the night away

Wanna love like this love was yours  
But will I die, it's all because  
Find it, at the bottom of it all

We got it all, we got it all, we got it all  
Till the revolution comes  
We got it all, we got it all, we got it all  
Till the revolution comes

I run the world now,  
My teacher told me everything  
I want it all now,  
My parents told me it would be

When I was born, I could find your times  
But they were nothing, nothing like mine  
We'll shake, shake, shake the night away  
We shook, shook, shook the night away

Feels like school again  
But man it's all right now  
Find it, at the bottom of it all

We got it all, we got it all, we got it all  
Till the revolution comes  
We got it all, we got it all, we got it all  
Till the revolution comes

I run the world now(The revolution comes)  
My teacher told me everything (The revolution comes)  
I want it all now  
My parents told me it would be  
We'll shake, shake, shake the night away  
We shook, shook, shook the night away  
This can't be living now,  
If so, then show me how

That we will find it, at the bottom of it all

We got it all, we got it all, we got it all  
Till the revolution comes  
We got it all, we got it all, we got it all  
Till the revolution comes

I run the world now,  
My teacher told me everything  
I want it all now,  
My parents told me it would be

Ahhh... Ahhh... Ahhh... Ahhh...
