

## Portugal. The Man "Our Way"

Visit "[Our Way](#)" on [MotoLyrics.com](https://MotoLyrics.com)

But we found that we were always lost,  
And we will never find our way.  
But we found that we were always lost,  
And we will never find our way.  
But we found that we were always lost,  
And we will never find our way.  
But we found that we were always lost,  
And we will never find our way.

But we found that we were always lost,  
And we will never find our way.  
But we found that we were always lost,  
And we will never find our way.  
But we found that we were always lost,  
And we will never find our way.  
But we found that we were always lost,  
And we will never find our way.
