Save me,
I can't be saved,
I won't.
I'm a president's son,
I don't need no soul.

All the soldiers say
"It'll be alright,
We may make it through the war
If we make it through the night."
All the people, they say:
"What a lovely day, yeah, we won the war.
May have lost a million men, but we've got a million
more."
All the people, they say.

Share with me
All of your pain,
I won't share your love,
I need all your love.

All the soldiers say
"It'll be alright,
We may make it through the war
If we make it through the night."
All the people, they say:
"What a lovely day, yeah, we won the war.
May have lost a million men, but we've got a million
more."
All the people, they say.

Save me,
I can't be saved,
I won't.
I don't need no love.
I'm a president's son.

All the soldiers say
"It'll be alright,
We may make it through the war
If we make it through the night."
All the people, they say:

"What a lovely day, yeah, we won the war.
May have lost a million men, but we've got a million
more."
All the people, they say.

It'll be alright,
It'll be alright,
It'll be right now.
