I don't need to talk about world alright  
I just wanna sleep with a smile tonight  
I don't wanna talk about the hungry people  
People down, and I'll sleep when the sun goes down  
When I wake up early in the morning I don't watch the  
news  
I just wake up read the smile by you  
And I don't wanna talk about the world  
I just wanna smile and smile some more

We watched the sun come up  
But take it down to hide it  
Seems like this spring has come and gone  
Felt like forever

I don't need to talk about world alright  
I just wanna sleep with a smile tonight  
I don't wanna talk about the hungry people  
People down, and I'll sleep when the sun goes down  
When I wake up early in the morning I don't watch the  
news  
I just wake up read the smile by you  
And I don't wanna talk about the world  
I just wanna smile and smile some more

And I feel fine I feel good  
That's what happy people do and how are you  
And I feel fine I feel good  
That's what happy people do and how are you

Lets watch the sun come up  
To take it down and hide it  
Seems like this spring has come and gone  
Felt like forever

Lets watch the sun come up  
To take it down and hide it  
Seems like this spring has come and gone  
Felt like forever

Until the summer comes and you'll find me there

I'd like to try to forget the times have changed  
And we all live and die  
Plastic soldiers never growing older  
I'd like to try to forget the times have changed  
And we all live and die  
Plastic soldiers slowly growing older  
I'd like to try to forget the times have changed  
And we all live and die  
Plastic soldiers slowly growing older

I'm sorry for the path you have to take?
