### "Realms Of Eternal Snow"

Eternal snows call me!  
Deepest, coldest your realms are  
For years I have waited this moment  
Glorious kingdom waits untouched  
As I wait the time passes  
A night slowly falls  
In mountain's forest alone  
Wind brings before my eyes  
Pictures of life, memories  
Long lost, pale and gone  
Visions of eternal winter  
Ice cold sunbath from above  
Endless landscape shows  
Immortal land so cold  
Fields aslept in winter  
Covered with clear snow.
