Build on blood  
Smell it from a mile away  
Pope red hot  
Blessed the arms and run away  
Build on blood  
Badness took the gold away  
Dope lickshot  
We live to fight another day

You can find us in the streets marching  
A smell of war but what is the reason starting  
Beef over some dogs barking  
He ain't gonna bite you walking  
Notice us divide us from snakes  
They ate our trust they flaunt  
Soon come revolution make we chant chant  
Find a motivate urge to strike first corrosion on earth  
I dedicate this to the rebirth cause time can't be  
reversed  
I pray and bend my knees to my turf  
A cry of freedom heard  
The pope blessed the arms with blood money from the  
church

(chorus)

It's them against us  
So conscious we must be  
Beware of crooked eyes  
Them no really really love we  
Some a plan fl bust we  
Hush we  
Jah Jah youths rebel  
So much ignorance amongst we, amongst we  
Us against them try fool we  
Build on blood  
Babylon's full of cruelty  
The crooked system tried school we  
Realize these politricks  
Cause evil is out to fool we, fool we

(chorus)

Yelling it's sabotage  
Causing economical wars  
Politics created murder  
They camouflaged the source  
This was written  
The bible warned we witness how the world gets torned  
Tomorrow we just might be gone  
God mourns  
Facing it's creation falling  
The devil's face swollen with a smile  
Calling us out  
He is gifted with the benefit of doubt  
Revealed prophecy  
Y'all are supporting hypocrisy possibly captured  
By false pretense systematic monopoly.

(chorus)
