### "Hello"

I'm telephoning my sweetheart  
'Cause she is deeply hurt  
Once more hello, hello, hello.  
Why does she not reply?

She has picked up the blue phone  
"Listen dear, I'm wrong"  
Once more hello, hello, hello  
Why does she not reply?

I don't know how much I will wait, hello  
Till she forgets the harm I've made, hello

I am awaiting for her call  
But she don't care at all  
Once more hello, hello, hello  
Somehow she will reply

I don't know how much I will wait, hello  
Till she forgets the harm I've made, hello

I'm telephoning my sweetheart  
'Cause she is deeply hurt  
Once more hello, hello, hello  
Why does she not reply? hello  
Why does she not reply? hello  
Why does she not reply? hello  
Somehow she will reply  
M-m-m-m-m.
