"Are You With Me?"

Crawling from the inside
To the other side

Fighting for the people
Reuniting

So come on, come on
Let it all out, let it all out
I know you can

Together, together
We're stronger as one
Are you with me?

Together, together
We're stronger as one
Are you with me?

We are opening of the future
From the chaos of the dark

Living in the moments
Leading everyone

So come on, come on
Let it all out, let it all out
I know you can

Together, together
We're stronger as one
Are you with me?

Together, together
We're stronger as one
Are you with me?
