This is how/ours you/to rock (you rock/to rock)

Chorus:

This is ours to rock

This is ours to rock

This is the hour to blow your (drum?)

This is ours to rock

Yo, so we're gonna bring it on down

Cos this just aint about jumping around

This aint just about the scene and the sound

Cos we're about to be more than you thought that you'd

Found

So give it to me

A little respect

This is the one that my crew represents

They'll funk to the play never ready to the swing

If ya know what I mean

Play like a team, Work like a machine

Skills are keen and we got the same dream

... worked hard to earn it.

When there's something we don't know you learning

Guess you could say we could pick it non-stop

Some other day we'll be the creme of the crop

Now is the hour to get over the top

Cos this is ours to rock

(To rock, to rock, to rock)

This is ours to rock.

Introducing the new competitor

Closing in like some kinda predator

Peace on the board moving up the road

And we're not gonna stop until we pass out

PBC JG he got game

He came and he saw and he faked a claim

So would the man Johnny going behind a tree

He marking our potbelly territory

I-Kid, with his wives on show
The boys can take out the (Bursary Row?)

Gonna do some damage with the...
Adam with the sugar
Justin with the spice
... makes it so nice
... roll the dice
Chorus x 2

No denial x 8
This is (ours to/how you) rock

Chorus x 2

This is the hour to get over the top
No denial x 4
