Willingly  
I'm offering my heart and soul to you  
Willingly  
I'll go through fire if you should ask me to  
Hopefully  
I hope to be the one your heart adores  
Thrillingly  
Give your lips to me and I'll willingly be yours

Willingly  
I'm offering my heart and soul to you  
Willingly  
I'll go through fire if you should ask me to  
Hopefully  
I hope to be the one your heart adores  
Thrillingly  
Give your lips to me and I'll willingly  
'Till eternity  
Yes I'll willingly be yours
