Verse 1

And holding on to other things
Grabbing at my ground
I try to keep it all tied down
But Ive got to let it go
It seems so easy to just say so
But I need to

Verse 2

Keeping up to date
I need to fall in line or just stay straight
I see the dimming light as it fades away
Ive got to let it go
It seems so easy but I just dont know
If I can take it
I dont know if I can take it

Chorus

Somebody show me to your place
Somebody tell me of your grace
I need you now
Ive tried so hard to fill this space
No one could ever take your place
I need you now

Verse 3

Calling out your name
And reaching for your holy fame
I need to have you hear
I try to make it seem so clear
But Ive got to let it go
It seems so easy to just say so
But I need to

Verse 4

I know I feel you now
I need to be there so show me how
I hear your holy voice as it calls so loud
Ive got to let it go
It seems so easy but I just dont know
If I can take it
I dont know if I can take it

Chorus

Bridge

I need you now

I need you now

I need you now
