Realize

They'll come upon us all  
If we want change  
Maybe they are too strong

If you wait  
Our chance is getting small  
Then they are right  
And suddenly you're wrong

The aim is clear  
Absolute power  
No dissenters  
They raise the fear  
Protecting themselves with fascist  
Ideas

Don't you believe  
Their power's growing up  
Too many people  
Voting for their aims

Listen to me  
If they're coming into power  
They'll change their faces

And you're the first to go  
A big delusion  
For all who believed in them  
No one could know  
Everybody would say

No one can help  
Now it's too late  
If we had learned from the past  
They will pray

Remember the past now  
What happened there  
The same situation  
Fascists everywhere

Patriotism  
Is what they did pray  
Anything that is different  
Destroying your fatherland

A big delusion  
For all who believed in them
