Fallin' to earth
Through the dark empty space
Look to the sky
Death has so many faces

Soon I will burn
In the earth's atmosphere
See my life pass
Asking me why I'm here...

Driftin' further
Alone here in the darkest space
Why does this happen to me

Fallin' to the earth
Can't stop this fall
Misery is all I've got
To live...

No more
Will to live
I don't care
I will burn
Into the atmosphere
Oh lord save me
Why don't you hear me

Now I know
I'm just folved again
Noone can help
Can save me from this pain

See my life now
I know I'll miss so much
Soon it's over
I wish there's something
I could do
Hope they see me down on earth
See their stary eyes
They're watching me
A shooting star is all I am
When I burn...

Inspired by the novella "Kaleidoscope" from Ray
Bradbury
