Twisty just seems to arrive with trickery and a knife  
Smiling with criminal charm  
A warm kiss ever at ready  
For the cheeks of the many  
Soon to be betrayed

Some hoods don't suffer  
Oh I wish they would  
Some hoods don't suffer

Twisted who assume the words trickering from those  
lips  
Are truly worthy of the audience  
They burn the ears of lovers too  
Who once put all their trust in you  
Making villians of thier own

Some hoods don't suffer  
Oh I wish they would  
Some hoods don't suffer

Oh teasing glimpse of honesty  
Almost hides the treachery ceaving below  
Still I wish good things for you  
Almost as a way to show you  
You don't matter

From hoods don't suffer  
(hearts don't suffer)  
Oh I wish they would  
From hoods don't suffer  
(hearts don't suffer)  
Oh I wish they would  
From hoods don't suffer  
(hearts don't suffer)

A warm kiss ever at ready  
For the cheeks of the many  
Soon to be betrayed
