I like watching you while your ignoring me
Your exactly what I wish and cannot be
And you know, and you know it
Yeah you know, yeah you know it

You walk and I stumble
You talk and I mumble
And I just don't matter at all
You soar and I cower
You're sweet and I'm sour
'Cause I'm just a fly on the wall
Yeah, I'm just a fly on the wall

Pretty lady won't you take me for a ride
I'm intoxicated with your plastic smile
And you know, and you know it
Yeah you know, yeah you know it

You walk and I stumble
You talk and I mumble
And I just don't matter at all
You soar and I cower
You're sweet and I'm sour
'Cause I'm just a fly on the wall
Yeah, I'm just a fly on the wall

[Solo]

You walk and I stumble
You talk and I mumble
And I just don't matter at all
You soar and I cower
You're sweet and I'm sour
'Cause I'm just a fly on the wall
Yeah, I'm just a fly on the wall
