There is this other world  
where they send someone like me  
I went there as a girl  
now I cant walk slowly

Now I lived here all my life  
but I never realized  
the others by my side  
cause I cant walk slowly

Just tell me what planet Im on  
(just another thing that I could do)  
where I can slow down and belong  
(just another thing that I could do)  
So I dont hide away from you  
Just another thing that I could do  
So I can find my way back to you

I never Walk behind  
because I run to the next thing  
I wish I could unwind  
and just walk slowly

But now I saw you in the world  
so I want to go back home  
But how when Im a girl  
who cant walk slowly
