It's coming round again  
The slowly creeping hand  
Of time and it's command  
Soon enough it comes  
And settles in it's place  
Its shadow in my face  
Puts pressure in my day

This life well it's slipping right through my hands  
These days turned out nothing like I had planned

It's coming round again  
The slowly creeping hand  
Of time and it's command  
It settles in it's place  
Its shadow in my face  
Puts pressure in my day  
Soon enough it comes  
Here it is again  
The slowly creeping hand  
Of time and it's command  
Soon enough it comes  
Settles in it's place  
Puts pressure in my day  
Undignified and lame

This life well it's slipping right through my hands  
These days turned out nothing like I had planned  
Control well it's slipping right through my hands  
These days turned out nothing like I had planned

Soon enough it comes  
Soon enough it comes  
To tie us down

(Ooooh) it's coming round again  
Slow, slowly creeping hand

This life well it's slipping right through my hands  
These days turned out nothing like I had planned  
Control well it's slipping right through my hands

These days turned out nothing like I had planned
