I'm the king of the air
Not that you really care
I'm the one that sends all messages
The ones that help you survive
And make you feel so alive
The ones that sound like the voices in your head!

Hey!
That's right!
Hey!
That's right!
Hey!
That's right!
Hey!

Sent to you from above
With the lies that you love
With a voice that can tell you anything
Now the message is clear
Put your hands in the air
It's time to take on the world one last time

You like it louder
A little louder
You can't stop (can't stop)
And it's not up to you

You need it louder
A little louder
You can't stop (can't stop)
And it's not up to you!
Let's go!

Hey!
That's right!
Hey!
That's right!
Hey!
That's right!
The sound that they give you ain't the sound of the
nation!

Ten songs in a row
And this is all you should know
I really hope I can become one of them

Fix it up like a hit
In stereo make it fit
But can you really tell one from the other

You want it louder
A little louder
You can't stop (can't stop)
And it's not up to you

You made it louder
A little louder
You won't stop (can't stop)
And there's nothing you can do!
Let's go!

Hey!
That's right!
Hey!
That's right!
Hey!
That's right!
The sound that they give you ain't the sound of the
nation!
