What's that sound that you're hearing
What's that noise...
It sounds like a trash can exploding
It sounds like a mess
It sounds like you're feeling pretty good
It sounds like a world in distress
It sounds like the speaker's broken
It sounds like a fire
It sounds like OK, OK
It sounds like a riot

Mega!! Kung fu radio
It sounds like a freak of nature
It sounds like you've been gone for awhile
It sounds like you ain't so happy
It sounds like 5000 style
It sounds like you think that you're bulletproof
It sounds like hey what can I say
It sounds like we're taking over
It sounds like get out of my way

Mega!! Kung fu radio

What's that... sound!!
