Scary monsters, and super peeps
The more you dream the less you sleep.
Life as you know it, has gone away
Unbound, unwound, who's here to stay (all right!).

Nobody's real but they're willing to let you know
Nobody's real but they'll feel it tonight (feel it tonight).
Nobody's real but they're willing to let you go
Nobody's real but they'll feel it.

Nobody's real.

Could you predict, could you foresee
Artificial by necessity.
Rockets and robots, can save your life
When you don't care about what's really so vile (all
right!).

Nobody's real but they're willing to let you know
Nobody's real but they'll feel it tonight (feel it tonight).
Nobody's real but they're willing to let you go
Nobody's real but they'll feel it.

How do you sleep with the time that's left you
It's all been done there's no need for the rescue.
So let's just get out, I swear there's no doubt
You can't be ready cause there's nothing left to do
(O.K.!)

Nobody's real but they're willing to let you know
Nobody's real but they'll feel it tonight (feel it tonight).
Nobody's real but they're willing to let you go
Nobody's real but they'll feel it (feel it tonight).

Nobody's real but they're willing to let you know
Nobody's real but they'll feel it tonight (feel it tonight).
Nobody's real but they're willing to let you go
Nobody's real but they'll feel it.

Nobody's real.

Nobody's real.
