Yeah, yeah
This could have been about a lot of things
But it's not so don't stop and try to look for the
message
The world moves and it don't ask why
Your kids will burn red hot like the fourth of July
I could have told about what's in-between of the head
and the hand
But you wouldn't even understand
I could have told about the rise and the fall
But this time I swear it's not about anything at all!
This ain't a song about nuthin'
This ain't a song about nuthin' at all
This ain't a song about nuthin'
This ain't a song about anyone or anything
[Yeah, yeah, yeah, yeah, yeah, yeah]
This could have been about a lot of things
But it's not so don't waste time to look for the meaning
You heard so many things you couldn't recall
But this time I swear it's not about anything at all
This ain't a song about nuthin'
This ain't a song about nuthin' at all
This ain't a song about nuthin'
This ain't a song about anyone or anything
This ain't a song about nuthin'
This ain't a song about nuthin' at all
Not anyone, not anything
Not anything, not anyone
Not anyone, not anything
Not anything, not anyone
Not anyone, not anything
Not anything, not anyone
Not anyone, not anything
Not anything at all, anything at all
This ain't a song about nuthin'
This ain't a song about nuthin' at all
This ain't a song about nuthin'
This ain't a song about anyone or anything
This could have been about a lot of things
But it's not so don't stop and try and to look for the
message

This could have been about a lot of things
but it's not
