You don't wanna get crippled and cracked
But keep hanging on I'm gonna read the riot act
The truth is the truth a fact is a fact
And once you get gone you ain't coming back

I've head it all before just like and echo
So shut down the lights that's the end of the show
So take it from me it's time to let go
But there's one last thing that I need to know

Who do you think you are?
Who do you think you are?
I want to know before you gotta go
Who do you think you are?

It's time to relax just pull up a seat
You can't ever win 'cause you can't compete
I've been to every city on every street
I know all the people that you'd like to meet

Simple is the story there's no sub plot
Life ain't a movie it's just a snap shot
You try to do a little 'cause you can't do allot
So tell me again 'cause I just forgot

Who do you think you are?
Who do you think you are?
I want to know before you gotta go
Who do you think you are?

How does it feel to be one of the crowd?
Locked inside and you're never allowed
The sad truth of a life never lived
Is when it's over you've got nothing to give

(Come on! Alright! Again!)

Well there's one more thing that I need to know

Who do you think you are?
Who do you think you are?

I want to know before you gotta go
Who do you think you are?

Who do you think you are?
Who do you think you are?
I want to know before you gotta go
Who do you think you are?
