"...as I urinate on your pale face,

I crown myself 'cause you have lost the race!"

In solitude you had to live

Tried to find the right solution

You did not find your way out of here

Welcome to Evilution

[spoken]

Now that you are here...defender of all that is good,

and that you have stepped on the holy territory of the

master of all evil...let me explain to you that this was

to be your destiny from the very beginning...

May those who believed in you finally see that I cannot

be destroyed...and may those who have doubt finally
accept

that world domination now is mine! So feel the blade of
my

sword, brave man, and die...!

Lion - taste my revenge

Left on my territory

Your carcass' stench

Liar - you had to die

I had to take your life

And you know why
Close your eyes
Ain't it nice
See your blood
I'm your god
Fate is sealed
Truth revealed
I'm the one
All I want
I want to have your head
Hanging on my wall
As I urinate on your pale face,
I crown myself 'cause you have
Lost the race
Evil - this is my name
God could not help you my friend
He is to blame
Demon - be my guide
Give me the powers
I need From the inside
Dead and gone
I have won
Reign of fear
Now it's here
Never forget my name

Or I'll kill you

[spoken]

May the world never rest in peace...'cause

I am President Evil...

Fire - burning in hell

Light the world

Hail to the king

Ring the bell
