You say you want it  
Say you need it  
You're never gonna find

What you're searching  
What you're missing  
You have to leave behind

Look inside yourself  
And tell me  
Are you satisfied

At the end  
Of your existence  
You know it wasn't right

Time is running out on you  
Do you believe  
I don't think you do

Never been real  
You stopped a turning wheel  
It was not in the cards for you  
Now try to understand  
This is not the end  
Lost illusions are now true

Swimming with the stream  
Ain't gonna get you anywhere  
Break the silence of the night  
And suddenly you're there

Think about our mutual past  
I tell you what I see  
With you as my friend  
I don't need no enemy
