The call of the end  
The final command  
At night stand brave and tall  
The hardest of wars  
Your blood was the cause  
Tonight we hear the call

Die, die, crucified, haleluja  
Die, die, crucified, dominus in fortuna  
Die, die, crucified, haleluja  
Die, die, crucified, dominus in fortuna  
Stand up and fight  
Sacrilege of doom tonight

Reborn for regret  
We rise with the dead  
The night will bring us home  
From hell we are sent  
The dark testament  
Tonight we storm the dome

Die, die, crucified, haleluja  
Die, die, crucified, dominus in fortuna  
Die, die, crucified, haleluja  
Die, die, crucified, dominus in fortuna

Deus prophetarum, deus eterna, veni creatura  
Sacrilege of doom tonight  
Stand up and fight  
Sacrilege of doom tonight  
Stand up and fight  
Sacrilege of doom to-, sacrilege of doom tonight
