When purgatory's waiting
And the girl immaculate
The highest of commandments dictates to copulate
No grave is animated, you're buried all alone
So let her work a wonder
And wake your flesh and bone

Resurrection by erection
Raise you phallus to the sky and you never die
It's resurrection by erection
Raise your bone up to the sky and you never gonna die
Hallelujah, resurrection

The funeral is calling
The mortuary blow
Between my legs I'm waking
I rise from down below
Why do you think believer
God gave you carnal lust
So pray to get a hard on
Before we turn to dust

Resurrection by erection
Raise you phallus to the sky and you never die
It's resurrection by erection
When you wake up from the dead, and the angels give
a head
Hallelujah, resurrection

(Resurrection!)

(Resurrection!)

(Resurrection!)
Now I want my resurrection
Oh, I long for resurrection
All I want is resurrection now

(Resurrection!) Noooooooooooooowww!

The devil and the maiden
Prepare for going wild

The new messiah calling
The purgatory child
Before my flesh is fading
The virgin has a turn
The third of days we're climbing the point of no return

Resurrection (Resurrection) by erection (by erection)
Raise you phallus to the sky and you never die
It's resurrection (resurrection) by erection (by erection)
Raise your bone up to the sky and you never gonna die
Hallelujah, resurrection
