Pestilence, silence, torture and death  
When you wake up from your lies  
Born into fire, black is thy breath  
Your empire

Sacrilege, fire, murder and rape  
Nightmare and torment arise  
Burn on the pyre, find no escape  
Now the time my dominator  
All we need today  
For hell we pray

St. Satan, St. Satan  
When will you come, to welcome your son  
St. Satan, St. Satan  
Rise for the call  
Wait for the bible to fall  
Today we celebrate

Lucifer, tempter, lord of the flies  
Dark is the blade of your knife  
Wait for damnation, downfall of Christ  
Roaring lion

Mater of temptation, take them to hell  
Demons in darkness unite  
Abbadon, serpent, black is your spell  
Can't resist you, oh Mephisto, come and take my hand  
For your command

St. Satan, St. Satan  
When will you come, to welcome your son  
St. Satan, St. Satan  
Rise for the call  
Wait for the bible to fall  
Today we celebrate

Sinister, violence, warfare and hate - demons that  
come for your life  
Storming the altar, open the gate  
Kill the virgin  
Burn in hellfire, now it's too late

Agony after you died

Baphomet, liar, breaker of fate

Fall of brave men

Master Satan

Come and take my hand

St. Satan, St. Satan

St. Satan's day
