Now who did you ever want to be  
You snapshot the girl in Tuscany  
I didn't know recommend at the time  
You're actin' out of line  
And I don't need you any more  
Seein' somethin' new is what I'm hopin' for  
I'm goin' to lose and go for a ride  
Seemin' that I've got time

So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
And you get what's rock 'n' roll  
You let's groove in the high  
You know you better come and get right  
I don't know the question line  
But the best comes back tonight

If it's cool and you're cold  
You hopin' in the street to long  
You takin' like a fool better man  
You takin' like a fool in the night  
And some good, some bad  
You takin' to the power help  
You taking like a fool better man  
You takin' like a fool you know

So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
And you get what's rock 'n' roll  
So let's groove in the high  
You know you better come and get right  
But I don't know the question line  
But the best comes back tonight

[Incomprehensible]

So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
And you get what's rock 'n' roll

So let's groove in the high  
You know you better come and get right  
But I don't know the question line  
But the best comes back tonight

So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
And you get what's rock 'n' roll  
So let's groove in the high  
You know you better come and get right  
But I don't know the question line  
But the best comes back tonight
