Spoken:

We're gonna take things back to the way things used to be, when a love song - was a love song.

Sang:

You have got to have the bluest eyes I've ever seen,  
And when I wake from dreamin,  
I am screamin out your name,  
Yes, I must confess,  
You simply are the best,  
And there's no point denyin,  
When I'm lyin by your side,

It's more than just a crush,  
Every time we touch,  
Cause, baby, you know you make this feel brand new,  
Like there's been no one else but you,  
For the first time, I feel,  
This could be the last time, I'm real,  
Fall, in love,

For a thousand years,  
I hope to stay right here,  
Wrapped up all around you,  
So that I found you and I feel,  
You make me feel so pure,  
Like you're some kind of cure,

Baby, you're my healer,  
You heart stealer of a man,

It's more than just a crush,  
Every time we touch,  
Cause, baby, you know you make this feel brand new,  
Like there's been no one else but you,  
For the first time, I feel,  
This could be the last time, I'm real,  
Fall in, in love,

Hold me, baby cause you know me,  
With every single touch,  
It's more than just a crush,

Reach me, only you can see me,  
And what I crave so much,  
It's more than just a crush,

It's more than just a crush,  
Every time we touch,  
Cause baby, you know you make this feel brand new,  
Like there's been no one else but you,  
For the first time, I feel,  
This could be the last time I'm real,  
Fall in, in love, for a thousand years...
