To see the light  
To see the light  
Of the day that may never see night  
The lady awaits to open the gates  
Today there won't be a fight  
And he knows it has to be that way  
It's instinct you know not choice  
An urge he only feels inside  
That can't be expressed in his voice

Flirting with suicide  
No return ticket  
No place to hide  
Flirting with suicide  
'Cause this is just a one way ride

Winging his way on a path of pure ecstasy  
Her scent draws him closer, a tear  
Can he win over her heart, win it just that once  
Her object is blatantly clear

Flirting with suicide  
No return ticket  
No place to hide  
Flirting with suicide  
'Cause this is just a one way ride

The encounter was usual the feeling was mutual  
Now came the hardest part  
As they exchanged glances he took no chances  
Aiming his song at her heart  
But the lady she knows it's been tried before  
You've gotta admire her tact  
And in the midday sun with no place to run  
She commenced her sacrificial act  
With a prayer to the Lord he brandished his sword  
Her passion raged like fire  
In just a few moments the two had become  
A fusion of frenzied desire  
Glistening wings entangled limbs buttered just to her  
link'  
If insect were man then he should be proud

He fell to her just like a vikin'
