Young hearts, your blood is not so pure
You long to believe in
Been searching for all that is true
Yet pain survives in you

Call me now, it's not too late

If you see me falling
Through the darkness, seek and you will find
Because this time, the tears will all be mine
With a new day dawning, hear me calling
Am I just one step in time?
For this crime, I cry for all mankind

A new start, my chance to put things right
I must have been dreaming
I hold the key to lighten their lives
Their tears will dry in time

Touch me now, I'm here to stay

If you see me falling

Through the darkness, seek and you will find
Because this time, the tears will all be mine
With a new day dawning, hear me calling
Am I just one step in time?
For this crime, I cry for all mankind

The fate of mankind lay in these hands of mine
The future is yours, but will you see
I'm the messiah

Call me now, it's not too late

If you see me falling
Through the darkness, seek and you will find
Because this time, the tears will all be mine
With a new day dawning, hear me calling
Am I just one step in time?
For this crime, I cry for all mankind
