Everybody want a mother and a father
Everybody need a sister and brother
I'm a winner I'm a loser I'm a number
I got a situation pending

It's all an illusion
Cause that's what you said
It's part of the process
I'm learning to fuse them
I'm wise on the topic
Of constant confusion
I love you
Then I hate you
Then I love you again

How'd I get up here
I always thought
I'd end up way down there
Only I would stop to even care

Oh Oh Oh Oh
Oh Oh Oh Oh

Doing favours for the neighbour in the backyard
Watching rover leaning over in the front yard
I give them money and I dont know where it's going
Another situation pending

Abusive conditions
A means to an ending
Controlling the system
I'm always depending
On hear say it's bullshit
mixed signals you're sending
I love you
Then I hate you
Then I love you again

How'd I get up here
They told me I would
End up way down there

Only God herself would even dare

Oh Oh Oh Oh
Oh Oh Oh Oh

It's all an illusion
Cause thats what you said
It's part of the process
I'm learning to fuse them
I'm wise on the topic
Of constant confusion
I love you
Then I hate you
Then I love you again

How'd I get up here
I always thought
I'd end up way down there
Only I would stop to even care

How'd I get up here
(Oh Oh Oh Oh)
