Well I got a girl, what a girl  
I don't know what to do  
When she's with me  
It's plain to see  
There's someone else there too

I'm wondring my only scheme  
Was park with the other cars  
And when I did I could see  
She was happy as could be  
Her eyes were full of stars

There was Fabian, Avalon, Ricky Nelson  
Yeah, yeah, yeah, yeah,  
Bobby Rydell and I know darned well  
Presley's in there too

I asked her friend, her very best friend  
To plan some strategy  
So she'd forget her other pets  
And concentrate on me

This little gal said, listen pal  
Don't worry, she loves you  
I know she does with her big hugs  
My little gal is true

She's been to Fabian, Avalon, Ricky Nelson too  
Yeah, yeah, yeah, yeah,  
Bobby Rydell and I know darned well  
Presley's in there too

What a night in the moonlight  
I long to hold her tight  
I plan the days and everything I'd say  
The evening goes just right  
She said no one else will do  
Hold me, we're alone  
But as she spoke her locket broke  
And I guess I might have known

Inside was Fabian, Avalon, Ricky Nelson too

Yeah, yeah, yeah, yeah,  
Bobby Rydell and I know darned well  
Presley's in there too
