He's the boy  
With the messy mind  
It's hard to find  
The time to clear it  
He's the boy  
With the broken brain  
Not insane  
But never happy  
Sharpen up those fangs  
Not insane  
But never happy  
Shes' got  
Those rock star  
Girlfriend eyes  
The kind that fry  
The back of your skull  
Shes' the one  
With the skinny face  
Shes' got an ace  
With sleeves  
Stuffed up it  
Sharpen up  
Those fangs  
Got an ace  
With sleeves  
Stuffed up it

And it's no surprise  
No surprise  
The fangs  
Aren't sterilized  
I'm too weak  
For curled fingers  
Too tempting to pass by

No surprise  
No surprise  
The fangs  
Aren't sterilized  
I'm too weak  
For curled fingers

Too tempting to pass by

She's the girl  
With the chocolate heart  
She turns up the heat  
And melts her target  
Stumbles  
Into a poisonous thing  
She feels the sting  
But it doesn't matter  
Sharpen up those fangs  
She feels the sting  
But it doesn't matter

Pull the spider out  
From under your boot  
The venomous tooth  
Will make you smile  
Let it bite  
Cause it so damn cute  
Let it bite  
And drain you empty  
Sharpen up those fangs  
Let it bite  
And drain you empty

And it's  
No surprise  
No surprise  
The fangs  
Aren't sterilized  
I'm too weak  
For curled fingers  
Too tempting to pass by

No surprise  
No surprise  
The fangs  
Aren't sterilized  
I'm too weak  
For curled fingers  
Too tempting to pass by

Sharpen up those fangs (7x)
