Starfucker
You're right on time
Starfucker
You blow my mind
Starfucker
Justa can't you see
Your overwhelming stupidity

Starfucker
You make me sick
With your transvestite pimp stick
Starfucker
Won't you go away
Starfucker
Won't you go away

Starfucker
Starfucker

Starfucker
Got inside my head
I can't believe the things you said
Starfucker
Won't you punch my meter
Hanging out with lovely Rita

Starfucker
It's not OK
I hang out with you some other day
Like I said, you blew my mind
How can you be so unkind

Starfucker
Starfucker
