Hey girl, come on here,  
I got something i wanna tell you, listen,  
Damn, I just don't know,  
You do this thing to me, you know,  
I'm really feeling you, damn baby,  
I need to tell you how I feel  
Straight from my heart.

Never imagine something just happened,  
The first time that I saw you,  
I feel indescribable,  
Your so desirable  
and I ain't gonna lie to you,  
I've been trying to show you,  
I don't know how to tell you,  
But, baby, it's from my heart,  
Something that's been there right from the start

Chorus  
It's the way you make me feel,  
I feel like flying,  
It's the way you make me feel,  
Something comes over me,  
It's the way you make me feel,  
I feel this burning all so real,  
Baby, it's the way you make me feel,

I got myself thinking,  
'Bout my decisions  
Whether to let you know,  
I'm feelin our connection (yeh)  
The same infatuation,  
I just gotta let you know,  
I get weak in the knees  
That I can't hardly speak  
And I don't wanna fall apart,  
Is it something that was there from the start?

Chorus

I'll never do you wrong, (do you wrong baby)

That's why I sing my song,  
To let you know that I'll be there 'til the end,  
'til the end

Chorus (x2)

I'm jus feelin it, baby  
It's the way, say it, and its the way, my lady, (yeh)  
A feelin for you and I, baby,  
'Cos it's the way you make me feel,  
Yes, it's the way that your making me feel
