I've been rained on blamed on walked and talked and
shamed on
Love led me down a road to misery
I've been rained on a blamed on done been frowned
and shamed on
Love gave nothin' but an achin' heart to me.

One day a love's believin' next day love's deceivin'
Won't be long a case of leavin' me
I been rained on a blamed on a lied dispised and
shamed on
Me and true love just ain't meant to be.
