"Home In My Hand"

I went down to the greyhound station to catch the
outbound dog
I got my ticket from the man he said son you wanna
check your bag
I said no thank you sir I just carry my home in my hand.

I got my home in my hand when I'm travelin' the land
If I meet a woman I wanna make a one night stand
I can move pretty quick cause I keep my home in my
hand.

I don't know what makes me ramble I guess I really
don't care
I feed one mouth and that's my own
I'm just like trouble you might meet me anywhere
On the corner of any street a smokin a weed and a
sittin' on my own.

I got my home in my hand when I'm travelin' the land
If I meet a woman I wanna make a one night stand
I can move pretty quick cause I keep my home in my
hand.

I got my home in my hand a travelin' the land
Mmm all over the land got my home in my hand...
