Just a little bit of you goes a long, long way with me
A just a little bit of you goes a long, long way with me
Your drippin' lips of honey, taste good to me.

Whoa, you better tell your mama, you'd better tell your
pa
We're gonna build a treehouse down in Ozark Arkansas
Just a little bit of you goes a long, long way with me
Your drippin' lips of honey, taste good to me.

Pum pum, pum pum, pum pum
Just a little bit of you goes a long, long way with me
A just a little bit of you goes a long, long way with me
Your drippin' lips of honey, taste good to me.

Whoa, you better tell your mama, you'd better tell your
pa
We're gonna build a treehouse down in Ozark Arkansas
Just a little bit of you goes a long, long way with me
Your drippin' lips of honey taste good to me...
