All day long my bossman yells at me
While you lay home in bed and watch TV
Jump out of that bed you lazy woman and don't you
hand me no guff
I'm gonna get rough and that ain't no stuff.

A loafin' days for lazybones is gone
You'd better walk a straight line from now on
A get my supper on the table woman and you'd better
huff and puff
I'm gonna get rough and that ain't no stuff.

You'd better pay some mind to what's been sayin'
When I come home you'd better not be in bed
I'm gonna whup and bang upon your head
If you don't get your legs a leapin'
A washin' out clothes and cookin' and sweepin'
I just called the repossession man
And he's gonna take that TV off of your hands
You'd better hustle and get it in gear cause I've done
had me enough
I'm gonna get rough and that ain't no stuff.

--- Instrumental ---

You'd better pay some mind to what's been sayin'
When I come home you'd better not be in bed
I'm gonna whup and bang upon your head
If you don't get your legs a leapin'
A washin' out clothes and cookin' and sweepin'
I just called the repossession man
And he's gonna take that TV off of your hands
You'd better hustle and get it in gear cause I've done
had me enough
I'm gonna get rough and that ain't no stuff.

Rough and that ain't no stuff, rough and that ain't no
stuff...
