You slip into your shoes and slide into the night
Your on the loose, your skirt is tight

He knows it's gunna hurt him
But you look so good
He'll fallin love
They always do

And I'm waiting for the next one to fall...

Your dressed to kill and you know that you will
Your dancing in the dark with you hands around my
heart
Oh heads will roll and blood will spill
But how can I resist
When baby you are dressed to kill, to kill, to kill, to kill,
to kill.

Another lover struggles but it's all in vein
And with his scars and lipstick stains
And he can't even see he's just another one
It's far to late
He's too far gone.

Your just waiting for the next one to fall...

Your dressed to kill and you know that you will
Your dancing in the dark with you hands around my
heart
Oh heads will roll and blood will spill
But how can I resist
When baby you are dressed to kill, to kill, to kill, to kill,
to kill.

When baby you are dressed to kill, to kill, to kill, to kill,
to kill.

Baby I could be the one
You know you make me come undone.
Baby I could be the one
You know you make me come undone.

Your dressed to kill and you know that you will.

Your dressed to kill and you know that you will
Your dancing in the dark with you hands around my
heart

Oh heads will roll and blood will spill

But how can I resist

When baby you are dressed to kill, to kill, to kill, to kill,
to kill.

When baby you are dressed to kill, to kill, to kill, to kill,
to kill.
