Girl don't take it all so hard  
Don't you cry (don't you cry)  
Girl don't take the meaning wrong  
It's not goodbye (It's not goodbye)

'Cause one chance to make a dream come true  
So I've got to leave for now  
'Cause this same road that takes me away  
It's gonna lead me back, back to you somehow

(Chorus):  
But for now I'm far away, far away  
And I can't be there tonite  
When I'm far away, far away  
You're always on my mind  
And even now we're miles apart  
I'll always keep your love in my heart

Don't say you've lost the one you love  
You're not alone (you're not alone)  
Still have someone to call your own  
I'm comin' home (I'm comin' home)

'Cause rain and sun and the wind and snow  
Won't hold me back from you  
Just a little bit longer don't lose hope  
'Cause I swear to you girl, I'm still lovin' you

(Chorus)

Babe I know the wait it's hard  
Won't be long (It won't be long)  
Babe just keep my love alive  
While I'm gone (while I'm gone)

(Chorus)
