Summertime, late July
I remember how you caught my eye
Sitting by the lake you looked so shy
I got the nerve to walk on down
I offered to show you around
Suddenly we fell in love somehow

Two hearts on a holiday
Love came 'round but love can't stay
I'd give all that time
To chase the world away, yeah

Summer love
It's only a summertime love
Seasons come and the seasons go
When summer's gone we gotta let go of this
Summer love
It's only a summertime love
Why does summer have to end
We may never find this love again

September's getting near
The end of summer's almost here
Soon the time will come to say goodbye
Maybe our paths will cross again
I don't know hoow and I don't know when
To get to you heaven's not too high

We'll never forget this place and time
When the nights were warm and you were mine
Why do I have to lose the one it took so long to find

Baby...

(Chorus)

We'll never forget this plae and time
When the nights were warm and you were mine
Why do I have to lose the one it took so long to find

Summer love
It's only a summertime love

Seasons come and the seasons go
When summer's gone we gotta let go of this
Summer love
It's only a summertime love
Two hearts on a holiday
I'd give all that time
To chase the world away

(Chorus)

Oh oh oh
