Hey hey hey.
Hey kids. your whole life is changing.
We got the night. It's right in sight.
Hey hey hey.
Hey kids.
The world is going crazy but you know it won't last too long.
You know it won't last too long. You know it won't last too long.
You know it won't last too long.

Hey kids. You're the toast to the town.
Well, hey kids.
Well, you're the toast of the town.

Hey hey hey.
Well, hey kids. Well, what's it gonna get ya.
The scene is screaming. It's out in the night.
Hey hey hey.
Well, hey kids. The world is gone crazy but you know it won't last too long.
You know it won't last too long. You know it won't last too long.
You know it won't last too long.

Hey kids. Well you're the toast of the town,
Well, hey kids. Well, you're the toast of the town.

You heard me saying babe I don't need to pull through.
I got news for you. I keep on dancing babe.
I don't think I'll pull through.
Now crashing down on you.
Down on you. Down on you. Down on you. Come on

Well, hey kids. Well, hey kids.
Well, hey kids. Well you're the toast of the town.
Well, hey kids. Well, you're the toast of the town.
Well, hey kids. Well, you're the toast of the town.
Well, hey kids. Well, you're the toast of the town.
Yeah. Hey hey hey. Well, hey kids. Yeah.
