My cigarette begins to die in my hand
I smoke your chest in the darkness
All your sins will be doomed at the end
Cause i keep them just for you in the painted bed.

You don't want to die
You're my Dorian Gray
I will paint your smile
Cause i want you to stay.
I want you to stay.

Dandy de la tête au pied
Crazy de la main aux doigts
Pretty jusqu'au bout du nez
Junkie du coeur au foie.
Pray a day for me to stay
I may pay for you to portay
Runaway's maybe my way
Don't betray, oh don't play.

You don't want to die
You're my Dorian Gray
I will paint your smile
Cause i want you to stay.
I want you to stay.
I want you to stay.

I've heard about something
They say we can't survive
Ashes are still hot,
But the packet is empty.
They maybe right
They maybe wrong.
